Phone: 919-731-1272

Contact Person: Ann Brogden

Description/Services/Programs:

Public health is interested in your child and you receiving recommended immunizations. NC state law requires that parents or legal guardians of a child living in NC must ensure that their child receives immunization against infectious diseases at specific ages. The law also requires the basic series of immunizations to be completed before 2 years of age. Services include:

1. The Health Department provides all of the basic series of immunizations according to the recommended ages.
2. The Health Department provides TD booster shots every 10 years.
3. Provides MMR booster before entering college for the first time.

Please note: Parents who delay having their children immunized are exposing them to the risk of contracting infectious diseases that could cause permanent body or brain damage or even death. Adults are also at risk when necessary booster shots are neglected. Medical or religious exemptions must have written documentation on file from a doctor or church official.

Eligibility: Any NC child from birth to age 18 (or until graduation from high school). Available to adults for a minimal fee.

Fees: Immunizations are free for children who are birth-18 years old with Medicaid, Medicare, or who have no insurance. For further information, call the Health Department.
