

What does the WAGES Weatherization Program do?

- Educates clients in safety and energy efficiency
- Professionally evaluates single family dwellings, multi-family dwellings, and mobile homes for safety and energy efficiency
- Tunes, repairs or replaces heating and air systems as needed
- Insulates attics, floors and walls as needed
- Makes minor repairs to homes for health and safety reasons
- Installs smoke and carbon monoxide detectors
- Performs base load and general heat waste measures

What do home inspections include?

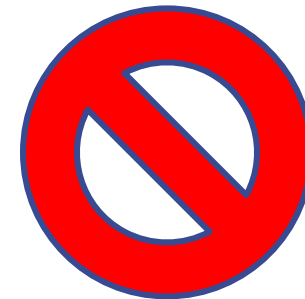

- Testing for gas leaks, carbon monoxide, and other health and safety issues
- Checking combustion appliances such as stoves, furnaces, and water heaters Tuning, repairing, or replacing heating equipment
- Sealing air infiltration sites; installing attic, wall and floor insulation; sealing leaky ducts, adding ventilation
- Installing fire and carbon monoxide detectors
- Installing base load (compact fluorescent lights) and general heat waste (water heat wrap, pipe insulation, low flow shower heads) measures

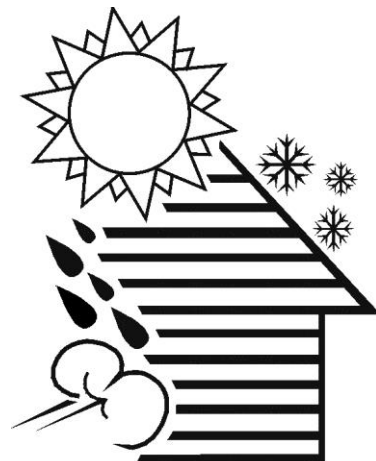

THE WAGES WEATHERIZATION

PROGRAM IS NOT A HOME

REHABILITATION PROGRAM. WE DO NOT:

- Make major home repairs such as new roofs, new floors, plumbing, electric work
- Build additions
- Paint (other than areas disturbed by weatherization work)
- Lay carpet
- Lead based paint and asbestos abatements
- Mold remediation
- Replace doors
- Replace windows
